

Queensberry, I believe in christmas

Do you believe in fairytales?

No, Im not. I do believe in Christmas.

Strophe

Walking through a winter dreamland.

My eyes till mantis alright by my side.

If only my imagination could bring you here that night.

Uhh.

The snow is falling all around me.

You take my hand and youre holding me tight.

Telling me that its forever.

Im gonna be in your light.

Refrain

Cause I believe in Christmas.

I believe in dreams come true.

When its cold outside, I close my eyes.

And Im really here with you.

I believe in Christmas.

I believe in fantasy.

Oh, the bells will ring, the angels sing.

And youll be here

Youre gonna be here with me.

Uhh.

Strophe

The stars are shining all so brightly.

You sing my name and youre holding me close.

Boy youre missing me so sweetly.

Until the miss were toe.

Heaven looking to your brown eyes.

You know its just how we wanna to think.

Im hoping all my wishful thinking will be reality.

Refrain

Cause I believe in Christmas.

I believe in dreams come true.

When its cold outside, I close my eyes.

And Im really here with you.

I believe in Christmas.

I believe in fantasy.

Oh, the bells will ring, the angels sing.

And youll be here

Youre gonna be here with me.

For real.

I cant wait, to spell that Im back, right now.

Oh baby.

We gotta make our Christmas dreams come true.

Cause I believe in Christmas. (Its Christmas)

I believe in dreams come true. (Its Christmas)

When its cold outside, I close my eyes.
