Quiet Riot, Back To The Coast

West coast, try outs
You've got to make it before you die out
New York is the hard way
Time to pack it up and get to L.A.

If you want to be a star get back to the coast
Back to the coast
You're gonna make it real far so get back to the coast
Back to the coast

My way is the sky way
Ain't got no time for the highway
I've got to get to the coast, fast as I can
Get to L.A. we'll be the number one band

If you want to be a star get back to the coast
Back to the coast
You're gonna make it real far so get back to the coast
Back to the coast (come on)

You've got to get on back (get back)

If you want to be a star get back to the coast
Back to the coast
You're gonna make it real far so get back to the coast
Back to the coast

I say back back back back back, back to the coast
Oooo, yeah get back back back back back, back to the coast
Whoa yeah

If you want to be a star get back to the coast
Back to the coast
You're gonna make it real far so get back to the coast
Back to the coast (oh, get on back), back to the coast
