

Quiet Riot, Don't Wanna Let You Go

Everybody wants to have a girl like you
But I'm the one and it's right
Somebody comes along and says they play your song
My wish becomes his delight
He'll try to take you from me

Don't wanna let you go
Not gonna get far from me
Don't wanna let you go
Your special your one of a kind (so...)
Don't wanna let you go
Some things money can't buy

Your smiles pasted
My time is wasted
You say I told you so, told you so
You can't tell lies from facts
He'll try to hold you back
You make the tension grow, grow and grow
He'll try to take you from me

Don't wanna let you go
Your not gonna get far from me
Don't wanna let you go
Your special your one of a kind (so...)
Don't wanna let you go
Some things money can't buy...

Don't wanna let you go

Don't wanna let you go

Everybody wants to have a girl like you
But I'm the one and it's right
And somebody comes along and says he plays your song
My wish becomes his delight
He'll try to take you from me

Don't wanna let you go
Your not gonna get far from me
Don't wanna let you go
Your special your one of a kind (so...)
Don't wanna let you go
Some things money can't buy...

Don't wanna let you go
Your special your one of a kind (so...)
Don't wanna let you go
Some things money can't buy...

Don't wanna let you go
Don't wanna let you go
Don't wanna let you go
He'll try to take you away from me
Don't wanna let you go, let you go, oh no no no (yeah)
