Quintessence, Notting Hill Gate

Things look great in Notting Hill Gate They really move with the change in times But only you can know the reason why Why they hide behind their own third eye

Things look cool in Notting school
They never go about playing no rules
But only you can know the reason why
Why they fly in the sky so high

Getting it straight in Notting Hill Gate We all sit around and meditate But only you can know the reason why Why we fly in the sky so high
