

Quintessence, Notting Hill Gate (Single Version)

Things look great in Notting Hill Gate
They really move with the change in times
But only you can know the reason why
Why they hide behind their own third eye

Things look cool in Notting school
They never go about playing no rules
But only you can know the reason why
Why they fly in the sky so high

Getting it straight in Notting Hill Gate
We all sit around and meditate
But only you can know the reason why
Why we fly in the sky so high
