

# Quo Vadis, Mute Requiem (Live)

Over there lies the body  
Of false hopes and  
Unfulfilled desires  
It inspires only loathing

Silence, irony  
Becomes it's only testimony  
Contrary to the envisioned outcome  
And the desired result

Pity, this final outcry  
For sympathy  
Committed with such self-indulgent  
Finality, is doomed to failure  
So pathetic, unreversable and blind

Irony and contempt  
For the failed life  
Seems fitting of this mute requiem

Emptiness cries out my name  
Emptiness cries out my name  
In vain

As i turn my back and walk away  
Maggots, assemble  
To begin their song
