

# Quo Vadis, Point Of No Return (The Mute Requiem)

Over there lies the body,  
Of false hopes and unfulfilled desires.  
It inspires only loathing

Silence, irony  
Becomes it's only testimony,  
Contrary to the envisioned outcome and the desired result

Pity, this final outcry for sympathy  
Committed with such self-indulgent finality, is doomed to failure.  
So pathetic, unreversable and blind...

Irony and contempt  
For the failed life  
Seems fitting of this Mute Requiem...

Emptiness cries out my name!  
Emptiness cries out my name  
In vain

As i turn my back and walk away  
Maggots  
Assemble  
To begin their song.
