

Queen Herby, Chucky Cheese

Usually I would just stay in my house (but I'm)
In the mood to spread some magic around (like the)
Palo Santo on my vintage mantle
Light a candle
Put my ass up on my pretty man
He grab a handful
Oh, damn, now I'm braless
Push inside my coffin
Nails, that's the nail in the coffin
Goddess energy is flawless
Enemies get off me, I'm vibing
Can't you see me smiling?
Chucky Cheese
I'm at peace everywhere I go
On the scene, aura clean even with my flaws
Smoking weed with me peeps on the patio
I can't contain my love (love)
Chucky Cheese
I'm at peace everywhere I go
On the scene, aura clean even with my flaws
Smoking weed with me peeps on the patio
I can't contain my love (love)
My angels know that I'm a magical bitch ('cause they)
Talk to me, all telepathic and shit (when I'm)
Struggling and seeing harder times
They send me signs
Bitch, you know that shit be working out, every time
Oh, damn, bust it open
Feeling my emotions
Tears like a drop in the ocean (drop in the ocean)
Chosen, my soul can't be broken
Enemies get off me, I'm vibing
Can't you see me smiling?
Chucky Cheese
I'm at peace everywhere I go (scene)
On the scene, aura clean even with my flaws
Smoking weed with me peeps on the patio
I can't contain my love (I can't contain my love, love)

Gotta stop thinking I was stressed but I do, baby (contain my love)
Got no ceiling, healing, I'm living proof now (baby, I'm)
You keep clearing trauma out, making room, wow
Watch it turn around, fill your goals, oh
Thinking I was stressed but I do, baby
Not really going down, but I'm proof, yeah
