## R.E.M., Feeling Gravity's Pull

I fell asleep and read just about every paragraph.

Read the scene where gravity is pulling me around Peel back the mountains peel back the sky Stomp gravity into the floor It's a Man Ray kind of sky Let me show you what I can do with it Time and distance are out of place here

Step up, step up, step up the sky is open-armed When the light is mine, I felt gravity pull

Somewhere near the end it said "You can't do this", I said "I can too" Shift sway rivers shift, oceans fall and mountains drift It's a Man Ray kind of sky Let me show you what I can do with it

Step up, step up, step up the sky is open-armed When the light is mine, I felt gravity pull onto my eyes, Holding my head straight (looking down). This is the easiest task I've ever had to do...

Reason had harnessed the tame Holding the sky in their arms Gravity pulls me down
