

R.E.O. Speedwagon, Keep The Fire Burnin

Keep the fire burnin
Let it keep us warm
The world will keep on turnin
Let it turn you on
Let us not stop learnin
We can help one another be strong
Let us never lose our yearnin
To keep the fire burnin all night long
Youve been changing so much
Im not sure your in touch with whats real
You just come and you go
Never lettin me know how you feel
And Im livin here in doubt
Theres so much to talk about
I know that we can work it out
Chorus
Weve been through this enough
It gets rough but theres nowhere to run
This is where we belong
We are strong, we can never give up
If we wanted to we could
But weve always understood
To keep lookin for the good
