

# R. Kelly, All I Want To Do

Ohhh

Lady Lady(rpt 7x)

Verse 1

Sitting by myself, in my cell of loneliness

I'm caught up, in a worldwind

Like a little girl, in a doggie pin

Scratch a calender wall, just counting down the days

That i'd head on back that way, Sayin

Chorus

All I wanna do(all I wanna do)

Make it home to you

Get it on with you

All I wanna do(all I wanna do)

Make it home to you

Get it on with you

Verse 2

Now, sometimes we can be so selfish baby

In our own little world

And sometimes we have to go blind to see

That it's both of our worlds

And i refuse to be,somewhere in a lounge

With my drunk head hangin down, Sayin All...

Chorus

All I wanna do(ooooooh)

Make it home to you

Get it on with you

All I wanna do(is make it home babe)

Make it home to you

Get it on with you

Bridge

Soemtimes this road can be long

So long, somebody, just hold on

Keep holdin on, won't be long now

Cuz I'll be comin around that mountain when I....

Chorus(rpt til end)
