

# R. Kelly, Bump N Grind Remix

You know I can't see nothing wrong with a little bump n grind baby

Repeat x 4

Sit down on the couch

Take your shoes off

Let me rub your body before I tear it off

The honey lover man is ready to flex

Girl flex time to have sex

We'll start right here and work our way around

I won't stop until I hear the "ooo ah" sound

Don't front you know about the rodeo show

So show me some I'd before I get in it deep

Cause to you I don't see

Chorus

I don't see nothing wrong

(you know I can't see nothing wrong with a little bump n grind baby)

Repeat x 4

This is goin on till the early morn

And my word bond so baby flex the thongs

I got what you want you got what I need

Homie lover friends is all I wanna be

Its the pretty round brown driving me wild

Oooo child things are gonna get a little freakier

And I will have you sining like a mockingbird

Don't front you know about the rodeo show

So show me some I'd before I get in deep and to you I don't see yeah

Chorus

Ah yeah break it down - this is the remix on the wild tip

Comin at ya for the 94

Baby turn the lights off

I'm gonna set it off

Driving you out of your mind with a

Little bump n grind
