

R. Kelly, Did You Ever Think (Album Version)

Chorus:

Did you ever think that you would be rich
Did you ever think that you would have these hits
Did you ever think that you would be the don
Have a crib with a fifty acre lawn
Did you ever think that you would be this paid
Were these times when your ass was real afraid
Did you ever think that you would sell out tours
Have a show with fifty million viewers

I used to think about how I was gonna make it
Struggling day to day trying to get this paper
Hoping the day would come when things would go
My way
And now I'm lying lavish and all I do is think and say

Chorus:

Did you ever think that you would be rich
Did you ever think that you would have these hits
Did you ever think that you would be the don
Have a crib with a fifty acre lawn
Did you ever think that you would be this paid
Were these times when your ass was real afraid
Did you ever think that you would sell out tours
Have a show with fifty million viewers

Now I've been around the world and seen so many Things
Partied in every club nothing but VIP
I never take for granted these luxuries I have
Just try my best to answer all of those questions that I ask

Chorus:

Did you ever think that you would be rich
Did you ever think that you would have these hits
Did you ever think that you would be the don
Have a crib with a fifty acre lawn
Did you ever think that you would be this paid
Were these times when your ass was real afraid
Did you ever think that you would sell out tours
Have a show with fifty million viewers

Chorus:

Did you ever think that you would be rich
Did you ever think that you would have these hits
Did you ever think that you would be the don
Have a crib with a fifty acre lawn
Did you ever think that you would be this paid
Were these times when your ass was real afraid
Did you ever think that you would sell out tours
Have a show with fifty million viewers

I used to play the game and like the same ole same
Dreamin' 'bout city lights it was my only life
And now this world I chose as if I did not own
Now I can't go nowhere without you all wanting to know

Chorus:

Did you ever think that you would be rich
Did you ever think that you would have these hits
Did you ever think that you would be the don
Have a crib with a fifty acre lawn
Did you ever think that you would be this paid
Were these times when your ass was real afraid
Did you ever think that you would sell out tours
Have a show with fifty million viewers

I used to dream about this life
Now I'm sitting on first class flights VIP

Chorus (5x)
