

# R. Kelly, I Don't Mean It

Baby, oh baby  
I know we had an argument and all  
Ooh babe  
And I must have said some pretty foul shit but  
Mmm, mmm  
I just want you to know that I ain't mean none of that  
Baby, baby  
None of it

Now I was supposed to be a man about it  
Shoulda never left your side  
No way, no how  
Put too many years in this relationship  
And it's not that serious for us to split  
Now I admit sometimes I make mistakes  
But still I appreciate the love we make  
Stop at the door and put your bags back down  
Now baby please can we work this out

Now I might say you can walk  
(But I don't mean it)  
And I might name call  
(I don't mean it)  
I may pull some silly stunts  
(Uhm mmm)  
But that's just a front, I don't mean it  
(Now wait a minute hear me out)  
Now I may holler at you  
(I don't mean it)  
And I may tell you we're through  
(But I don't mean it, no, no)  
May give you looks that can kill  
(Can kill)  
But it's not for real  
(Not for real)  
I don't mean it  
(I don't mean it hey)

Now I was supposed to be more understanding  
Instead of tryin to be so damn demandin  
Baby I'm willing to drop my ego  
And do the things I should have done and more  
See I know that I can be a better man  
Girl all you gotta do is take my hand  
Promise me this time  
I'm goin all the way  
And show you all the reasons why you stayed

Now I might say you can walk  
(But I don't mean it, no, no)  
And I might name call  
(Girl I don't mean it)  
I may pull some silly stunts  
(Ooh yeah)  
But that's just a front, I don't mean it  
(Listen baby)  
Now I may holler at you  
(But I don't mean it)  
And I may tell you we're through  
(Girl you should know, I don't mean it)  
May give you looks that can kill  
(Um mmm)  
But it's not for real  
I don't mean it

(Come here girl)

See I never meant  
To break you down  
And make you cry, make you cry  
Oh please baby please  
Turn back around  
Don't you say goodbye, say goodbye  
Sometimes I know that  
I can take it  
Just a little bit too far  
But yo my heart is good  
Heart is good  
So baby you don't have to worry  
You're gonna see a change  
Girl you know I love ya  
Even though I may say

Now I might say you can walk  
(I don't mean it)  
And I might name call  
(But I don't mean it)  
I may pull some silly stunts  
(Hey)  
But that's just a front  
(Hey, hey)  
I don't mean it  
(I don't mean it, I don't mean it)  
Now I may holler at you  
(When I'm hollerin' at you)  
And I may tell you we're through  
(I never mean it when I say we're through)  
May give you looks that can kill  
(Kill)  
But it's not for real  
(Real)  
I don't mean it  
(I don't mean it)

Now I might say you can walk  
(I don't mean it)  
And I might name call  
(But I don't mean it)  
I may pull some silly stunts  
(Hey)  
But that's just a front  
(Hey, hey)  
I don't mean it  
(I don't mean it, I don't mean it)  
Now I may holler at you  
(When I'm hollerin' at you)  
And I may tell you we're through  
(I never mean it when I say we're through)  
May give you looks that can kill  
(Kill)  
But it's not for real  
(Real)  
I don't mean it  
(I don't mean it)

Now I might say you can walk  
(I may say that you can walk but I don't)  
And I might name call  
(Girl I promise I don't mean it)  
I may pull some silly stunts

(Silly stunts)  
But that's just a front  
(Just a front)  
I don't mean it  
(Thinkin' I'm cool but I'm a fool)  
Now I may holler at you  
(When I'm hollerin' at you)  
And I may tell you we're through  
(I never mean it when I say we're through)  
May give you looks that can kill  
(Kill)  
But it's not for real  
(Real)  
I don't mean it  
(I don't mean it)

Now I might say you can walk  
(Girl I don't mean it, I don't mean it)  
And I might name call  
(I don't mean it, I don't mean it)  
I may pull some silly stunts  
(I don't mean it)  
But that's just a front  
(I don't mean it)  
I don't mean it  
(Hey, hey, hey, hey)  
Now I may holler at you  
And I may tell you we're through  
May give you looks that can kill  
But it's not for real  
I don't mean it
