

# R. Kelly, Kickin' It With Your Girlfriend

## [CHORUS]

I've been kicking it with your girlfriend  
Oh what am I gonna do?  
Cause God knows that I really didn't mean to hurt you  
I know it's bogus, but I felt that you should know the truth  
I fell in love with her the moment that we were introduced  
And I just feel that it's time for this little secret to end  
Baby, I've been kicking it with your girlfriend

## [VERSE 1]

Go on and slap me again, cause I can understand how you feel  
When a man takes you for granted and he don't keep it real  
I should've been a man and told you a long time ago  
Instead of stunning I should have broke it down and let you know  
Girl my fault for that, don't know what's on my mind  
And I blame myself for wasting your time  
Believe, I really did try to keep that girl away from me  
But her body language kept on tempting and teasing me  
And plus she knew what she was doing when she did it anyway  
I knew what she was doing too and that made it okay  
Truth is that we don't even regret it  
Up out the closet I will be the first to say it

## [CHORUS]

## [VERSE 2]

Now I apologize for me and her and everything that went down  
These are the reasons why some girls don't bring they friends around  
I just didn't know how to tell you that I was feeling her  
And how we get away sometimes and make love  
I never wanted to mislead you  
At first I just wanted to please you  
I know it's hard for you to be able to trust again  
Because I came between you and your best friend  
I did not ask for this  
It just happened outta no where since the day we kissed  
And the truth is that we don't even regret it  
Up out the closet, I will be the first to say it

## [CHORUS]

## [BRIDGE]

I'm sorry again  
Never meant to hurt you  
I'm sorry again  
But girl I love her  
I'm sorry again  
I never meant to make you cry, no  
The first one out the closet

## [CHORUS 2X]
