

# R. Kelly, Leave Your Name

[Verse 1]

You have reached R.Kelly  
Unfortunately, I'm sleep  
Been out partying all night  
And I'm blasted off that Hennessey  
I hop to hotel lobbies  
Going to them after parties  
Throwing up and carrying on  
Bout to have somebody drive me home  
I get through the door  
Fall on the floor  
Get up  
I'm staggering  
Look upstairs  
Shit is blurry because I'm real bent  
And now I don't know whether I'm coming or going  
And this goes out to all of my honeys that's calling

[Chorus 1]

Leave your name right after the beep and I'm  
Sure to get back with you  
If I'm not asleep or  
Smoking on some trees or  
Having a little sex or  
If I'm not faded or  
Making a baby

(Would you please, yeah)

Leave your name right after the beep and I'm  
Sure to get back with you  
If I'm not asleep or (Said if)  
Blowing on trees (I'm not)  
Having some sex (That's all, yeah)  
If I'm not faded or  
Making a baby

[Verse 2]

Drinking Belvedere, 7-Up, and gin  
I told myself never again  
Sleeping while the club is crunk  
Don't make no sense to be that drunk  
Arguing through the night  
Pushing on people and starting fights  
I was fucked up  
I confess  
People saying Kellz is a hot mess  
Even after that I was taking shots  
Shot after shot  
Shot after shot then  
I couldn't even open the door to my Benz  
Dropped off and I get in the door now  
Lying on the stairs snoring now  
Why you calling me calling me calling me?  
Pick it up  
Pick it up  
Pick it up Kellz  
Why you calling me calling me calling me?  
Pick it up

Pick it up  
Pick it up  
But I'm knocked out sleep

[Chorus 2]

So leave your name (please leave your name) right after the beep (right after) and I'm  
Sure to get back with you (Yeah)  
If I'm not asleep (No)  
Smoking on some trees or (Smoking on trees, yeah)  
Having a little sex or (In the middle of having sex)  
If I'm not faded or (Yeah)  
Making a baby (Won't you please leave your name)

Leave your name right after the beep and I'm (Oh yeah)  
Sure to get back with you (Right back)  
If I'm not asleep or (I'll call you back)  
Blowing on trees (Oh yes, I'll call you back)  
Having some sex (I'll call you back)  
If I'm not faded or (I'll call you back)  
Making a baby

[Bridge]  
When the morning comes and I'm sober  
And everything is cool  
I'll check my message  
And I promise to get right back with you  
And if you think I'm screening calls  
You're mothafuckin right  
That's for the haters  
I return calls to all the girls I like

[Chorus 3]  
So leave your name (leave your name) right after the beep (leave your name, yeah) and I'm  
Sure to get back with you (I'm sure to get back witcha)  
If I'm not asleep (If I'm not asleep)  
Smoking on some trees or (Trees)  
Having a little sex or (Sex or yeah yeah)  
If I'm not faded or  
Making a baby (Just leave your name yeah yeah)

Leave your name right after (right after, right after) the beep and I'm  
Sure to get back with you  
If I'm not asleep or (If I'm not asleep) (I'll call you back)  
Blowing on trees (Oh yes, I'll call you back)  
Having some sex (Some sex yeah) (I'll call you back)  
If I'm not faded or (I'll call you back)  
Making a baby

If I'm not asleep (If I'm not asleep)  
Smoking on some trees or (Smoking on some trees)  
Having a little sex or (Having some sex)
