

# R. Kelly, Make You My Baby

yo

and uh what's going to happen

you

listen

i hear your body calling readily asking me  
girl you're a prisoner and you need to be set free  
your body's speaking words that only my body can hear  
i feel the time is right cause we're alone up in here  
is there anything cause if you want me right no  
girl i know exactly what you need (i know what you need)

so many nights i dreamed of laying you down  
and because you're a special lady

and tonight i'm gonna be making you my baby
