

# R. Kelly, Trapped In The Closet Chapter 7

There's total silence, blood everywhere  
And confusion on their faces as they continue to stare  
Then Gwen starts shakin' and cryin' screamin' &quot;What did you do?&quot;  
And then the policeman looks at me and screams &quot;See, now I warned you.&quot;  
Then he starts pacing the floor screamin' &quot;God, what have we done here?!&quot;  
And she rushed to to door, blood on her hands screamin' &quot;There goes your whole career.&quot;  
Meanwhile, I'm freakin' out sayin' &quot;We gotta do somethin' and gotta do somethin' quick.&quot;  
Then he picks up the gun and says &quot;I have a wife at home, I can't have no cause of this.&quot;  
She says &quot;James, I can't believe you just said what you said.  
Cause that's not what you said when your ass was in my bed.&quot;  
Then I said &quot;Gettin' married later, but right now we gotta use our heads. First of all, did anybody  
Then he looks at her, she looks at me, I look at them and we look at him.  
Meanwhile, Gwen's about to have a nervous breakdown the way she's shakin' and cryin'  
And then she screams &quot;You bastards! You've killed my brother.&quot;  
And then I said &quot;Gwen, wait a minute, I didnt...&quot;  
She says &quot;No, you killed my brother.&quot;  
She said &quot;He just got out of prison. He's been through a lot. He was talking about changin' his  
Then I said &quot;Baby, it wasn't my fault. This man had a gun on me.  
And besides, how was I to know that you was getting down with this crooked ass police.&quot;  
And he says &quot;Wait a minute...&quot; I say &quot;No, you wait a minute!&quot;  
And then I say &quot;Man, this is my wife. We had a life until you butted up in it.&quot;  
She cried out &quot;Sylvester, now hold on. Even though he was in our home, let's not forget the fact  
\*Cough cough\* \*cough cough\*  
Twan starts coughin'. \*cough cough\*  
She says &quot;Twan! Oh my god! Baby brother, are you okay ?&quot;  
He looks up at her and says &quot;I'm not gonna die, at least not today.&quot;  
And then he asks what happened and says &quot;Why did I get shot?  
Sylvester what is this policeman doin' here ?&quot;  
And I said &quot;Go on, tell him cop.&quot;  
He says &quot;Son, we gotta get you to a hospital and take a look at that wound.&quot;  
Twan says &quot;No, I'm okay. It's just my shoulder. All I need is a bathroom.&quot;  
Now five minutes has gone by and they tellin' Twan everything that happened  
Twan says &quot;Fuck man, I would've been better off in prison.&quot;  
And now somebody's banging at the door and I'm like &quot;Oh no! Here we go again!&quot;  
Thinkin' out loud to myself sayin' &quot;When is this shit gonna end ?!&quot;  
Then Gwendolyn looks at me and says &quot;Baby, you got that?&quot; And I say &quot;NO!&quot;  
She says &quot;Why?&quot; And i said &quot;Because I'm not openin' up another motherfuckin' door  
And the cop says &quot;Gwen, I'll get it.&quot; Then looks at me and says &quot;Man of the house  
Then I say &quot;I'll get it, but whoever it is, I'm about to put their ass on blast!&quot;  
And then, the policeman grabbed me. I snatched away and got my gun up off the floor  
Then Twan says &quot;Man, that's what I'm talkin' about! Sylvester, point that shit toward the door!  
Then he snatches the policeman's gun and says &quot;Officer, arrest me later.&quot;  
I count to three, Twan opened the door and it's Rose the nosy neighbor...  
Ooh, with a spatula in her hand  
Like that's gon do something against them guns  
It's Rosy the nosy...whoa
