

R3HAB & Elena Temnikova, Where You Wanna Be

where'd u wanna go?
if you could name a place
here to Tokyo
would you go alone?
would you come whit me?
where you wanna be?

if you had one wish
what would you ask for
are you ready to
open a new door?
making memories
would you share whit me?
where you wanna be?

it's not too late to leave this town
it's all ahead , don't turn around
if we can feed this hunger now
where you wanna be?

it's not too late to leave this town
it's all ahead , don't turn around
if we can feed this hunger now
where you wanna be?

if you had one wish
what would you ask for
would you be the star
everyone adores?
would you say hallo
would you share with me?
where you wanna be?

if you had one wish
what would you ask for
are you ready to
open a new door?
making memories
would you share whit me?
where you wanna be?

it's not too late to leave this town
it's all ahead , don't turn around
if we can feed this hunger now
where you wanna be?

it's not too late to leave this town
it's all ahead , don't turn around
if we can feed this hunger now
where you wanna be?
