

# R3HAB, My Pony

Don't you hold back, you should know that  
I like the way you move  
You're so invitin', I'm decidin'  
That I will leave with you

Look at you in that dress  
You got the things I want  
Oh, you're so dangerous  
I'm longing for your touch  
Love how you take control  
When you're on top of me  
So won't you take me there?  
'Cause I know what you need, oh yeah

If you want it, let's do it, ride it, my pony  
My saddle's waitin', come on, jump on it  
If you want it, let's do it, ride it, my pony  
My saddle's waitin', come on, jump on it  
Do it, ride it, come on, jump on it  
[Drop]

Don't you slow dow in the first round  
As you, you hold the reins, oh yeah  
Your hypnotizin', I'm testifyin'  
Girl, you, you drive me insane

Look at you in that dress  
You got the things I want  
Oh, you're so dangerous  
But I'm longin' for your touch  
Love how you take control  
When you're on top of me  
So won't you take me there?  
'Cause I know what you need, oh yeah

If you want it, let's do it, ride it, my pony  
My saddle's waitin', come on, jump on it  
If you want it, let's do it, ride it, my pony  
My saddle's waitin', come on, jump on it  
Do it, ride it, come on, jump on it

If you want it, let's do it, ride it, my pony  
My saddle's waitin', come on, jump on it  
If you want it, let's do it (Let's do it), ride it, my pony  
My saddle's waitin', come on, jump on it
