

Ra Ra, Rectifier

I'm still afraid of ghosts that can see me
They know my thoughts, they read my mind
Beside myself i judge my condition
I close my eyes but can't go blind
I'm feeling all the heat, all the chaos
It's gotten underneath my skin
So far to go to reach an absolution
My sanity, my soul runs thin

Why don't you care?
Don't, don't you dare

Rectifier
How's the world supposed to be?
Recitifer
Take my hand and rescue me

I fell in love i made that decision
On broken hearts i cut myself
Despite the pain i maintain my position
And put good will up on the shelf
But now i'm stuck a chain with no linkage
A vagrant lover prisoner
Suspicious goals distort good intentions
Agressive action batterer

Why don't you care?
Don't, don't you dare

Rectifier
How's the world supposed to be?
Recitifer
Take my hand and rescue me

Rectifier
How's the world supposed to be?
Recitifer
Take my hand and set me free

Why don't you care?
Don't, don't you dare

Rectifier
How's the world supposed to be?
Recitifer
Take my hand and rescue me

Rectifier
How's the world supposed to be?
Recitifer
Take my hand and set me free
