

Racer X, She Wants Control

She up and left me
Said I got no heart
Well she outa know
After tearing it apart
She didn't like it
When I said
You will never get through to my head
No way
She wants control
Oh no
Baby wants my soul
She liked to keep me
All tied up
She never knew when enough
Was enough
Came as a sinner
Dressed as a saint
From then I knew
There'd be no restraint
She wants control
Oh no
Baby wants my soul
She wants control
Oh no
Baby wants my soul
She wants control
Oh no
Baby wants my soul
She wants control
Oh no
Baby wants my soul
She wants control
Oh no
Baby
She wants control
Ba ba ba baby
She wants control
