

# Racer X, That Hormone Thing

I need you  
Most everyday  
I want to  
In every way  
Love that pretty little game you play  
Y'all twisted round my DNA  
Doing that hormone thing

Your secrets  
On every page  
My weakness  
Victoria's expose  
Take and shake me  
Gonna make me pay  
Got me spun out on your lingerie  
Doing that hormone thing

You got me doing it  
You got me blue with it  
Doing that hormone thing

You got me blue with it  
You got me doing it  
Doing that hormone thing  
Can't have you  
There isn't a way  
Perfection  
Sweet untouchable lay  
Feel ya movin' in on my mind  
My heart is yours most all the time  
Doing that hormone thing

Ya make my cold heart sing  
Doing that hormone thing  
Crucified on your G-string  
Doing that hormone thing  
Blowin' out my O-ring  
Doing that hormone thing  
For you I'd do anything  
Doing that hormone thing  
Squeakin' on my bedspring
