

Rachael Lampa, Lift Me Up

climbing on a cloud
dancing on a daydream
I dont have a doubt
just how good this life could be

You lifet me up

Running in the rain
singing in the sunshine
telling all the world
why im so in love with life

You lift me up

CHORUS

You lift me up
im touching the blue sky
you lift me up
im on top of the world
you lift me
im getting closer to heaven
in every little thing i love

you lift me up

Heading for the stars
Riding on a moon beam
taking me so far
farther than ive ever been

you lift me up

Chorus

And its so crystal clear

I'm in love

All I'll ever want

All i'll ever need is right here

da da da da deed um da da da da deed do

repeat

repeat

Chorus
