

Rachael Lampa, Lift Me Up

climbing on a cloud
dancing on a daydream
I dont have a doubt
just how good this life could be
You lifet me up

Running in the rain
singing in the sunshine
telling all the world
why im so in love with life
You lift me up

CHORUS

You lift me up
im touching the blue sky
you lift me up
im on top of the world
you lift me
im getting closer to heaven
in every little thing i love
you lift me up
Heading for the stars
Riding on a moon beam
taking me so far
farther than ive ever been
you lift me up

Chorus

And its so crystal clear
I'm in love
All I'll ever want
All i'll ever need is right here
da da da da deed um da da da da deed do
repeat
repeat
Chorus
