

# Rachael Lampa, Secret Place

You are my father  
I am your child  
will you hold me in your arms-just a little while  
and let me know  
how much you care for me  
there's no other place in this world  
I would rather be  
and when I fall down  
on my knees and pray  
my heart is captured  
when I hear you say  
come with me my child to the secret place  
I love you, I love you, I love you,  
come and find your rest in the secret place  
I love you, I love you, I love you,  
every where I turn  
every thing I see  
reminds me of the joy that you bring to me  
and I.....  
I need you so dont let me go  
touch me with your healing hand  
tell me that you understand  
and when I falter  
when I lose my way  
you shine your light on me  
and I hear you say  
come with me my child to a secret place  
I love you, I love you, I love you.....  
ohh  
da da da  
da da da  
da da da daa daaaaa  
oooooo  
yeah  
and when I fall down on my knees and pray  
my hear is captured when I hear you sayy  
come with me come with me come come come with  
me now  
just a little while  
come with me come with me come come come with  
me now  
oooo  
come with me my child to a secret place  
etc
