

# Rachael Yamagata, Under My Skin

I hesitate to say I was bait for you  
Could that be something that you all would do  
I'd be lying if I did now say I wasn't intrigued  
But timing is everything here  
And for the moment the 'we' is reprieved  
But, as I watch the girl unfold before my eyes,  
I discover that I like her

Would you please get our from under my skin  
'Cause I can't begin this yet  
And I don't know what my intentions are  
They're speaking in a different tongue  
And deep inside, I'm not as tough as I seem  
But I won't let you know  
Until it's right, I'm gonna stay my distance  
And you should go

I'm in the dance, and it's a chance,  
But stay and watch awhile  
I'll be singing a tune just for you with a smile  
And maybe, if I'm lucky  
You'll tip your hat to me, and you'll discover  
That you like her

Would you please get our from under my skin  
For I can't begin this yet  
And I don't know what my intentions are  
They're speaking in a different tongue  
And deep inside, I'm not as tough as I seem  
But I won't let you know  
Until it's right, I'm gonna stay my distance  
And you should go

Crazy as it al plays out  
I think I'm lonelier than I've ever been before  
'Cause I was so close  
To going through that door  
But I don't want to be to blame for them  
I don't want to be to blame

Would you please get our from under my skin  
'Cause I can't begin this yet  
And I don't know what my intentions are  
They're speaking in a different tongue  
And deep inside, I'm not as tough as I seem  
But I won't let you know  
Until it's right, I'm gonna stay my distance  
And you should go, go, go  
Oh, would you please get out  
I'm not as strong as I seem, but I won't let you know
