

# Rachel Farris, So Good

Hello, I didn't expect to see you  
Hello, you didn't expect me to free you  
Hello, you're looking so good since I saw you last  
It happened so fast

I'm good, I'm better  
I'm glad it's over  
I have your sweater  
But don't come over  
I'm scared to see you  
I just might need you  
But you're so bad  
And I want to be so good

Hello, I said you should not come over  
Hello, but then you were always bolder  
Hello, two voices are on my shoulder at last  
It happened so fast

I'm mad, you're better  
You're glad I'm severed  
Just take your sweater  
And leave forever  
You knew I'd crumble  
You watched me stumble  
You're not so humble  
I wanted to be so good

So good, so good, so good, so good  
You didn't protect me  
You hardly respect me  
A ruby whose red has faded  
Something so priceless traded

I'm good, I'm better  
I'm glad it's over  
I hate your sweater  
It hurt the holder  
I'm scared to see you  
I'll always feel you  
But you're so bad  
And I want to be so good

So good, so good, so good, so good  
But you're bad, I want to be so good, so good

I'm good, I'm better  
I'm glad it's over  
I hate your sweater  
It hurt the holder  
I'm scared to see you  
I'll always feel you  
But you're so bad  
And I want to be so good (x2)
