

Rachel Ries, Cleveland

Well I've been to Cleveland
And I don't want to return
Cause your momma threw me out
There I was on the front lawn front line
Looking confused
When your momma threw me out
Don't look surprised
Don't you give me that sigh
That woman's crazier than me
So I'll shuffle through Georgia
And then on through Tennessee
You can come and find me
You can come and find me

Don't know what I have done
To deserve such misery
Well I best make right with the lord
There I was on the front lawn front line
Looking confused
When your momma through me out

So I'll shuffle through Georgia
And then on through Tennessee
You can come and find me
You can come and find me
