

Rachel Ries, You Only

Come to me
Come tonight
Come to me with both hands
You can be quiet
But don't be shy
I'll leave the kitchen light on

Summer's here
Kick off your shoes
And slip across my back yard
You can be quiet
But don't be shy
I'll leave the kitchen light on
For you only

Lord have mercy on my soul
Lord have mercy on your
Peace of mind
But don't be shy
I'll leave the kitchen light on
Help yourself to honeydew
Bread and tea if it pleases you
Can be quiet
But don't be shy
I'll leave the kitchen light on
For you only

Nobody fills me like you do
No one thrills me quite like
You can be quiet
But don't be shy
I'll leave the kitchen light on

So come to me
Come tonight
Come to me with both hands
You can be quiet
But don't be shy
I'll leave the kitchen light on
You can find me dreaming in my bed
And just turn the kitchen light off

For you only
