

Rachel Stamp, Homemade Sex Change

doctor doctor don't give me no cure
just give me the keys to the butcher's store
tonight is the night i'm going under the blade
gonna get me a home made sex change

i've gotta do it...
i've got to do it tonight

all my life i've been wasting my time
fingers walking straight down the line
i want to feel it down deep inside now
zero to sixty in three point nine

i'm gonna do it...
i'm gonna do it alright!
i'm gonna do it...
i'm gonna do it tonight!

hey sister can i borrow that dress?
what you mean, i'm just a mess!?
saint Peter just had to go-
i want a cunt and i want it NOW!!!
