

Rachel Stamp, I Got The Worm

I close my eyes to sleep
But sleep don't come around
I am the one who is never alone
I am the one who is not in control
'Cos

I got the worm
I got the worm
I got the worm

The truth don't mean much to me
Since my mind took a ride
Mummy and Daddy think I'm possessed
But all the kids know I am simply obsessed
'Cos

I got the worm
I got the worm
I got the worm
