

# Rachel Stevens, Fools (Album Version)

It'll be O.K. with the next one  
I always end up on a leash up having no fun  
Yeah, I'm always stuck  
Feel like getting up now  
Make it understood, crazy  
And it means getting down

I'm so tired and bored of the Mr. Nice Guy  
Treats me well, but "stiff" is the word on my mind

So send me in the fools  
Throw away the heroes  
I need some excitement here tonight  
Send me in the fools  
I'm startin' up the party  
I need wakin' up wanna feel alive

What I need is something  
That's not against the law  
You just fill in the space and  
Baby I'm bored, I'm bored of the feelin'  
That safe, easy touch  
Need a man to get my  
engine started up

So tame - too lame, that don't make my kind of man  
Find a wild side somewhere and maybe we can

So send me in the fools  
Throw away the heroes  
I need some excitement here tonight  
Send me in the fools  
I'm startin' up the party  
I need wakin' up wanna feel alive

Get me off this one-way road I'm goin' down  
All I feel like now is  
Heaven's so far

So send me in the fools  
Throw away the heroes  
I need some excitement here tonight  
Send me in the fools  
I'm startin' up the party  
I need wakin' up wanna feel alive

So send me in the fools  
Throw away the heroes  
I need some excitement here tonight  
Send me in the fools  
I'm startin' up the party  
I need wakin' up wanna feel alive

So send me in the fools  
Throw away the heroes  
I need some excitement here tonight  
Send me in the fools  
I'm startin' up the party  
I need wakin' up wanna feel alive
