

Rachelle Ann Go, Here I Am Again

Here I am again
Trying to take my chance
I'm longing for your touch
Longing for your warm embrace
Oh how, I love you baby

Here I am again
Trying to say the words
I failed to say before
I wished I've said it all to you
Oh how, I love you baby

Chorus:
You're the only one
Who can make my life complete, oh baby
Your love is all I need
You're the only one
Who can bring a smile to me
The only one that I, wanna be with

Here I am again
Waiting for the touch
When you will say the words
That made us both become one
Oh how, I long for your love

Chorus

Here I am again
Trying to say the words
I failed to say before
Oh how, I love you baby
