Rachelle Ann Go, Here I Am Again

Here I am again
Trying to take my chance
I'm longing for your touch
Longing for your warm embrace
Oh how, I love you baby

Here I am again
Tyring ti say the words
I failed to say before
I wished I've said it all to you
Oh how, I love you baby

Chorus:

Your the only one Who can make my life complete, oh baby Your love is all I need Your the only one Who can bring a smile to me The onle one that I, wanna be with

Here I am again Waiting for the touch When you will say the words That made us both become one Oh how, I long for your love

Chorus

Here I am again Trying to say the words I failed to say before Oh how, I love you baby
