

Racoon, Happy Family

It would be nice if we could all just sleep together
It would be great if we could have a cup of everything
What'd you do with everything

It would be lovely, to see all your faces smiling
It would be wonderful if all this shit I sing about
Was happening, was happening, was happening.

And it turns out to be with a happy family
But all these families break, everybody's on the take
All that matters today,
the kind of money that you make
The money that you make

Yeah all these families break, everybody's on the take
All that matters today,
the kind of money that you make
The money that you make

It would be nice if we could all just live together
That's a hand-in-hand situation
It would be great if we could feel a bit of sympathy
Sympathy for you and me

It would be lovely if we all stood up together,
It's gotta be like the commercial on tv
It would be wonderful if all this shit I sing about
Was happening, happening, happening

Well it turns out to be with a happy family
But all the families break, everybody's on the take
All that matters today,
the kind of money that you make
The money that you make

Yeah all these families break, and everybody's on the take
All that matters today,
the kind of money that you make
The money that you make

It would be nice if we could all just sit together
It would be great if we could have a little fun
It would be nice if we could be a happy family today
