Racoon, My Town

We got a supermarket and a church For anyone whos got the urge Theres a nightclub and a school Faith, a devil and a god But more important, there's a bar Weve got neighbours with new cars Brand new cars Here in my town, my little town My little town, my town, this is my town This is my town, my little town My little town, my town, this is my town So the city wasnt what you thought itd be Every night you woke up In lost and found, you see I saw you every night And everybody is always in a hurry Yeah they run, run, run, run Oh man, thats just not me I know you disagree But I'll stay here in My town, my little town My little town, my town, this is my town This is my town, my little town My little town, my town, this is my town But the city is always warm and pleasing No stuck up folks, brand new diseases Everywhere around Get my kicks more than a lot The more I get, the more I lose my appetite And that's not right III stay in My town, my little town My little town, my town, this is my town This is my town, my little town My little town, my town, this is my town We got a supermarket and a church For anyone whos got the urge Theres a nightclub and a school out there Faith, a devil and a god But more important, there's a bar Weve got neighbours with new cars Not that us folks would drive real far
