

# Racoon, Walk Away

You cover your eyes, if you can't stand the side  
walk away

You cover your ears, so you don't have to hear  
walk away

You cover your nightmares, you put them away  
'cause if nobody knows then they might go away

Walk away, walk away, walk away  
without me

You cover your lies with stories and smiles  
walk away

You're scared what to find so you just run and hide  
you run away

If you play with a gun then you will shoot someone  
when you sit in the fire it's your ass getting warm

Walk away, walk away, walk away  
Without me, without me, without me, without me

Why do yell, you can whisper as well  
walk away

These teardrops of rain, they're masking your shame  
you walk away

In this midsummer storm you see a midsummer fight  
put your head in the sand if you can't make it right

Walk away, walk away, walk away,  
without me
