

Rad Kick, Different Way

Different Way

Watch out for this beauty which was created to live !
Stand by - wait - take the time as long as it exists !
But what - Who has given us the right to do just as we wanna do ?
Who said that we are allowed ?
Who will take care of us when every green is lost ?
Can't we think in a different way ?
Can't we do it a different way ?

Can't we live in a different way ?
Yeah, we can!
But we won't !
Too lazy for a change
Look what we've done with it !
No place where we haven't been.
I know you think about it
Now, you've forgotten everything
