

Rad Kick, Now Or Never

Now Or Never

Sitting on the roof top
In this lousy hot night
Throwing pebbles down the ground
And hope I will be right
But I ain't sure
About anything
Leave me be where I am
Or give me golden wings
Save me the night
Show me the light
Cause I can't go on
another day without you

It's now or never
I fear the light
Now or never
Bound to the night
I am so sorry
but we must wait
It ain't really fair
It's the truth I deeply hate
Yes, life sometimes
Takes more we have
It's only a question of time
But then we'll meet again
