

Radio Architecture, Works That Way For Me

Open your mind so that you can see
You got to change in your heart if you want to be
Build up these walls just to keep you out
You know the fears in your minds what it's all about
Works that way for me
Cause I wanted to share like we shared before
I wanted to give like we gave before
Wanted to care like we cared before
Wanted to feel like we felt before
Make everyone as a part of me
I got this feeling to be of humanity
One or another you will find your way
It's just a matter of time before you see that day
Take what you want is brutality
You've got to share what you have it's necessity
Helping each other is the only way
We've got to stand close together baby come what may
