

Radio Free Roscoe, Zemsta (ang.)

We've got spirit,
Yes we do.
We've got spirit,
How bout you?
I'm a perfect girl,
In a perfect world.
When I do my perfect cheer,
All the boy likes to leer.
I push teams onto win,
Make sure my waste in thin.
I lead us onto victory,
Because that is; my destiny.
I've got spirit in everything I do,
I've got spirit through and through,
I've got spirit in every part,
Just not in my heart.
I can do perfect splits,
To bad math gives me fits.
I can kick my legs up high,
That's so cool ask any guy.
I have a smile that is so fake,
A reputation I can't shake,
I'll lead us onto victory,
Cause that is my destiny.
I've got spirit in everything I do,
I've got spirit through and through.
I've got spirit in every part,
Just not in my heart.
Just not in my heart.
