

Radio Head, Palo Alto

In a city of the future,
it is hard to concentrate.
Meet the boss, meet the wife,
everybody's happy,
everyone is made for life.

In a city of the future,
it is difficult to find a space.
I'm too busy to see you,
you're too busy to wait.

Well I'm ok, how are you?
Thanks for asking
Thanks for asking.
Well I'm ok, how are you?
We hope that you are ok too.

Everyone of those days,
when the sky is californian blue.
A beautiful bombshell,
I throw myself into my world
Two day, I've been waiting for so long.

Well I'm ok, how are you?
Thanks for asking
Thanks for asking.
Well I'm ok, how are you?
We hope that you are ok too.
