

# Radio Iodine, I Am

I am your one true voice  
I am your only choice  
I am the air you breathe  
I am the fix you need  
I am the salt you sweat  
I am the high you hope to get  
I am your driving force  
I am the need for more and more  
I am your private hell, your sweetest smell  
your constant, changing voice  
I am your best advice, your darkest night  
your silent, raging noise  
I am, I am  
I am, I am  
I am your waking thought  
I am the prize you want  
I am the one who cares  
I am your rocking chair  
I am the hope you seek  
I am the force you think you need  
I am your heart's desire  
I am the one to take you higher  
Ease back into my embrace  
Ease back let me touch your face  
Ease back into my embrace  
Ease back let me soothe your rage
