

# Radiohead, Desert Island Disk

Help as I go upon my way  
So let me go upon my way  
Born of a light  
The wind rushing round my open heart

An open ravine  
With my spirit white  
With my spirit light  
Totally alive  
Totally relieved

Through an open doorway  
Across a stream  
Into another life  
And catching my reflection in a window  
Switching on a light  
One I didn't know

Waking up from shutdown  
From a thousand years of sleep  
In you... you know what I mean  
Standing on the edge of.. you know what I mean  
Different types of love are possible
