

# Radiohead, If You Say the Word

If you're in a forest  
Out of your mind  
Harpies in the branches breaking your arms  
If you're stuck in rainbows  
Shattering glass  
Where you miss the moment  
Watching it pass

If You Say the Word  
If You Say the Word  
If You Say the Word  
If You Say the Word

When you spend your life wishing on a twinkling star  
When you forget how lucky you are  
Buried in rubble  
6 foot down

If You Say the Word  
If You Say the Word  
If You Say the Word  
If You Say the Word

When you change your friends  
Like changing your clothes

If You Say the Word  
If You Say the Word  
If You Say the Word  
If You Say the Word  
If You Say the Word  
If You Say the Word  
Then I will come running  
I will come running
