

Radiohead, Union City Blues

What are we gonna do?
Union Union Union City blue
Tunnel to the other side
It becomes daylight
I say he's mine

Oh power, passion plays a double hand
Union union union city man
Arrive climb up four flights to the orange side
Rearrange my mind
In turquoise Union Union Union City blue
Skyline passion Union City blue
Power, passion plays a double hand
Union union union city man

I say he's mine
I have a plan
I say he's my Union City man
What are we gonna do?
Union Union Union City blue
