

Radiatorama, Like An Angel

Walk in the night you seem so far away
Here by my side your love will find a way
More and more and more.
You are like an angel
All that I feel, all that I need is you
Just like a wheel I'm turning in the blue
More and more and more.
You are like an angel
I need love ever and ever. I need love, you're my desire
'Cause I'm losing your love
And I look at your face tonight
I need love, this is my passion
I need love, you're my reaction
Are you a part of my world

Ho-oh-oh-oh, we cannot live apart
Ho-oh-oh-oh, inside my head
More and more and more.
You are like an angel
Ho-oh-oh-oh, wanna play this game
Ho-oh-oh-oh, it'll always be the same
More and more and more.

You are like an angel

Walk in the day, now I can see the light
Nothing to say now that you find my side
More and more and more.
You are like an angel
All that I give, all that I need is love
How can I live, you are the only one
More and more and more.
You are like an angel
I need love...

I need love ever and ever.
I need love, this is my passion
I need love, you're my reaction.
You are like an angel
Ho-oh-oh-oh, wanna play this game
Ho-oh-oh-oh, it'll always be the same
More and more and more.
You are like an angel
