

Radish, The You In Me

I like to play D and D
and watch the Spanish channel on TV
be a nobody...like me.

Enroll yourself in B.S.A.
and build a plastic model airplane
be a nobody...with me.

With you and me,
claustrophobic energy, astronomical intimacy.
That's the you in me.

I sit around and worry about my girl
when I know she's gonna be just fine
be a nobody...like me.

With you and me,
claustrophobic energy, astronomical intimacy.
That's the you in me.

You can make no money, honey,
if you sit at home and read that Oscar Wilde
so I'm gonna grow up and in my way,
I'm gonna stop acting so much like a child.

With you and me,
claustrophobic energy, astronomical intimacy.
You and me,
claustrophobic energy, astronomical intimacy.
You and me,
claustrophobic energy...astronomical intimacy.
That's the you in me.
That's the you in me.
That's the you in me.
