

Rafo Raez, Verg

Yo no confio en m
&#oacute;lo confo en ti
o no confo en nadie, ya no sueo as

No me vers parir
nada con libertad
soy una crcel preso de mi cruel verdad

Siento mo el mal,
siento que hago dao a todo
lo que veo bien

Vergenza de existir
Mi ser y su errar
Ser un errante sera mi felicidad

Pero tener raz en la esterilidad
es el destino mo, o no lo puedo hallar

Siento duro el mal, miento, quiero amarlo todo
lo que veo bien

Para no sentir ms vergenza de existir, yo har nada
Para arrepentir otra vez de mi reir, yo har nada
odio presenciar el terror en tu mirar
odio presenciar tu placer de ocular, ser nada

Yo no confo en m, yo confo en ti, ser nada

(nueva letra)
Yo no confo en m, no confo
vergenza de existir, ser nada

I don't trust me
I only trust you
or trust on no one, I don't dream that way anymore

You won't see me give birth
a thing with freedom
I'm a jail, prisoner of my cruel truth

I feel evil as mine,
I feel I harm all things that are seen by me as ok

Existential Shame
My being and its wandering
My greatest happiness would be me becoming an errant

But, my destiny is whether to have roots on sterility
or not possible to be found by me

I feel evil as mine, I lie, I want to love every thing seen by me as ok.

To stop feeling this shame of existence, I'll do nothing
To regret of my laughter, I'll do nothing
I hate to meet your terrified eyes
I hate to meet your pleasure as voyeur, I'll do nothing

("live" lyrics)
I don't trust me, I don't
Existential shame

I'll be nothing
